ONLINE

## LUNCHES AND DINNERS

Our lunches and dinners offer a secure environment for peers to discuss challenges and opportunities. Limited to 14 people, with one person per organisation, we suggest topics but also make time for participants' own questions. Lunches are held from 12 -1.30 pm, and dinners from 7-9 pm local time. Join us to broaden your network and share expertise in an informal and supportive setting.

## PEER CIRCLES

Peer Circles bring together a small group of peers across companies and sectors, with invited experts, to share practical knowledge and build relationships. We suggest topics, but also encourage participants to suggest their own questions to discuss. Held from 3-4 pm UK time, Peer Circles offer an informal and supportive environment to connect with peers and expand your expertise.

## PEER LEARNING FORUM, OXFORD

The Peer Learning Forum, taking place on 20th June at the Saïd Business School, University of Oxford, offers cross-sector tailored learning and networking, focusing on business and social impact. Participants shape the agenda, and the format includes leadership and sustainability sessions, open discussions and parallel sharing sessions.

## PUBLIC EVENTS

Elevate your profile and share your expertise as a Speaker or Discussant at our highly-rated Summits and Online Written Discussions. 97% of participants surveyed said they learnt something valuable for their work at our 2023 Summits, and 96% said they would recommend them. You'll have ample opportunities to connect with peers, learn from leading thinkers, and make a real impact.
